No reply has as yet been received from the Insurance Secy on the subject of authorizing the Sub. Asst. Surgeon at Chitaldrug to sign Insurance certificates. So a draft reminder is put up.

The reply has been received now. The Insurance Secretary, with his reply no: 1096 of 16.1.03, forwards a copy of the resolutions of the committee passed at their meeting held on 6th Dec. ult embodying their opinion that, as the exigencies of the Service often require the placing of Sub Assistant Surgeons in medical charge of Districts, the substitution of Sub Assistant Surgeon for Assistant Surgeon in Rule 19 of the Insurance Rules may be sanctioned.

X I regret I cannot give my vote for this alteration such occasions as that gave rise to this reference must be rare. It is also desirable to place a Dresser in charge of an office lower in rank than an Asst Surgeon

Surgeons are graded
as officers and have sometimes
to be placed in medical
charge of districts - It is
not always possible to
avoid such an arrangement -
A Sub Asst in charge of
a District is for all practical purposes as good as a
Civil Surgeon or Assistant
Surgeon in such charge -
The allowance proposed is
necessary and I am quite -
in favor of it - I do however
object that public interests -
would in any way be

Alteration in Insurance Rules.

I am not sure whether this should be regarded as 'Council matter'. It is not a matter of 'Legislation' in the same sense as (e.g.) a direction in the Civil Procedure Code that an insurance policy should not be attached.

Only in one case, such a subject was referred to Councillors for opinion (file appended).

Should this be Circulated for Council?

The Question submitted is that where a District Medical Officer happens to be a Sub Asstt Surgeon, as it has happened now, the Rule 19 should be so modified as to admit of his certificate being accepted for Insurance purposes. The Insurance Committee has unanimously passed the rule with the full concurrence of the Senior Surgeon who is on it and the 1st Councillor who is the President of the Committee has supported it. In my opinion the guarantee for the efficiency of the certificate is that he is but a medical charge of a District — & when in fact he will have no such responsible charge there is no meaning in urging that his examination should be required for purposes of Insurance alone — Inconvenience has resulted from such refusal & it is Desirable that the present proposal has been submitted to this Committee The 1st Councillor is not in favour of it and his reasons are that Officers lower than Asstt Surgeons in rank should not be placed in charge of

a Dentist and that therefore their
certificates should not be accepted -
though in rare cases, such exigencies
have arisen and there may
occasionally be such that need -
there is no risk whatever however
the difference in the qualifications
of an Asst Surgeon & a Sub Asst Surgeon
is not much except that of salaries
which is caused by the change which
he holds, at the time, of a Dentist -
the proposed rule may be sanctioned.
